We affirm that:

We are certified public accountants licensed to practice in Michigan.

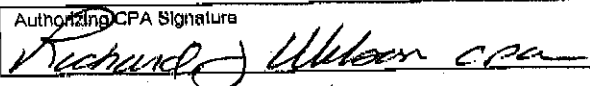

We further affirm the following material, "no" responses have been disclosed in the financial statements, including the notes, or in the Management Letter (report of comments and recommendations).

YES NO Check each applicable box below. (See instructions for further detail.)

1. ☒ ☐ All required component units/funds/agencies of the local unit are included in the financial statements and/or disclosed in the reporting entity notes to the financial statements as necessary.
2. ☒ ☐ There are no accumulated deficits in one or more of this unit's unreserved fund balances/unrestricted net assets (P.A. 275 of 1980) or the local unit has not exceeded its budget for expenditures.
3. ☒ ☐ The local unit is in compliance with the Uniform Chart of Accounts issued by the Department of Treasury.
4. ☒ ☐ The local unit has adopted a budget for all required funds.
5. ☒ ☐ A public hearing on the budget was held in accordance with State statute.
6. ☒ ☐ The local unit has not violated the Municipal Finance Act, an order issued under the Emergency Municipal Loan Act, or other guidance as issued by the Local Audit and Finance Division.
7. ☒ ☐ The local unit has not been delinquent in distributing tax revenues that were collected for another taxing unit.
8. ☒ ☐ The local unit only holds deposits/investments that comply with statutory requirements.
9. ☒ ☐ The local unit has no illegal or unauthorized expenditures that came to our attention as defined in the *Bulletin for Audits of Local Units of Government in Michigan*, as revised (see Appendix H of Bulletin).
10. ☒ ☐ There are no indications of defalcation, fraud or embezzlement, which came to our attention during the course of our audit that have not been previously communicated to the Local Audit and Finance Division (LAFD). If there is such activity that has not been communicated, please submit a separate report under separate cover.
11. ☒ ☐ The local unit is free of repeated comments from previous years.
12. ☒ ☐ The audit opinion is UNQUALIFIED.
13. ☒ ☐ The local unit has complied with GASB 34 or GASB 34 as modified by MCGAA Statement #7 and other generally accepted accounting principles (GAAP).
14. ☒ ☐ The board or council approves all invoices prior to payment as required by charter or statute.
15. ☒ ☐ To our knowledge, bank reconciliations that were reviewed were performed timely.

If a local unit of government (authorities and commissions included) is operating within the boundaries of the audited entity and is not included in this or any other audit report, nor do they obtain a stand-alone audit, please enclose the name(s), address(es), and a description(s) of the authority and/or commission.

I, the undersigned, certify that this statement is complete and accurate in all respects.

Certified Public Accountants

Independent Auditors' Report

To The President and Village Council
Village of Marion, Michigan

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the Village of Marion, Michigan, as of and for the year ended February 28, 2006, which collectively comprise the Village's basic financial statements as listed in the table of contents. These financial statements are the responsibility of Village of Marion, Michigan's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the Village of Marion, Michigan, as of February 28, 2006, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

The management's discussion and analysis information on pages ii through x and budgetary comparison information on pages 36 and 37 are not a required part of the basic financial statements but are supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Village of Marion, Michigan's basic financial statements. The introductory section, combining and individual nonmajor fund financial statements are presented for purposes of additional analysis and are not a required part of the basic financial statements. The combining and individual nonmajor fund financial statements have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole. The introductory section has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on it.

VILLAGE OF MARION
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR YEAR ENDED FEBRUARY 28, 2006

The management of the Village of Marion, Michigan ("Village") offers this narrative overview and analysis of the financial activities of the Village for the fiscal year ended February 28, 2006 for the benefit of the readers of these financial statements. This management's discussion and analysis is intended to assist the reader in focusing on significant financial issues and to provide an overview of the Village's financial activity. We encourage readers to consider the information presented here in conjunction with the financial statements as a whole, which can be found in this report.

Financial Highlights

Government-Wide

- The assets of the Village exceeded its liabilities at the close of this fiscal year by \$2,409,371 (shown as *Net Assets*), representing an decrease of \$132,975 over the previous fiscal year. Governmental Funds had a decrease of \$28,900 for the year, while Business-Type activities had an decrease of \$104,075 of the net decrease of \$132,975.

Fund Level Financial Highlights

- As of February 28, 2006 the governmental funds of the Village of Marion reported combined ending fund balances of \$307,187 of which \$241,322 is unreserved.
- The unreserved fund balance of the Village's General Fund decreased this year to \$137,693 or 36.9% of total general fund expenditures.

Long-Term Debt

- The Village of Marion's total debt decreased by \$68,848 during the fiscal year.

Overview of the Financial Statements

The Village of Marion's financial statements consist of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. The report also contains other supplementary information in addition to the basic financial statements themselves.

Government-Wide Financial Statements This report includes government-wide statements as required by GASB Statement Number 34. The *government-wide financial statements* are designed to provide a broad overview of the Village's financial position. The Statement of Net Assets and the Statement of Activities are two new financial statements that report information about the Village as a whole, and provide measurements of long-term trends. They are presented using a method of accounting that is similar to a private-sector business.

VILLAGE OF MARION
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR YEAR ENDED FEBRUARY 28, 2006

The *Statement of Net Assets* (Pages 1-2) presents information on all of the Village's assets and liabilities, the difference between the two being reported as the Net Assets of the Village. Over time, increases or decreases in net assets can serve as a useful indicator of whether the financial position of the Village is improving or deteriorating. An increase in net assets would indicate an improvement in financial condition. On the other hand, a consistent decrease over time in net assets may indicate a decline in the financial health of an organization.

The *Statement of Activities* (page 3) gives the information on the revenues and expenses causing the underlying change in the government's net assets during the most recent fiscal year. All changes in net assets are reported as soon as the change occurs, regardless of the timing of related cash flows.

Both of these statements distinguish functions of the Village that are principally supported by property taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or most of their costs through user fees and charges (business-type activities). Governmental activities of the Village include general government, public safety, major and local streets, public works, culture and recreation. Business-Type activities of the Village include water and sewer utility services.

Focus on Funds

Traditional users of governmental financial statements will find the Fund Financial Statements presentation more familiar. The focus has shifted, however, to Major Funds, rather than the previous focus on fund types. The Village's major Governmental Funds include the General Fund, Major Street Fund, Local Street Fund and the 2002 General Obligation Unlimited Tax Bonds Debt Retirement Fund. The major Proprietary Funds include the Water and Sewer Funds. Presentation of major funds can be found on pages 4, 6 and 8 of this document.

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. Each fund is operated similar to a completely separate entity, with its own set of balancing accounts. The Village of Marion uses fund accounting to ensure compliance with finance-related legal requirements. There are three basic types of funds: governmental funds, proprietary funds, and fiduciary funds.

Governmental Funds Many of the Village's basic services are reported in the governmental funds. Governmental funds account for essentially the same functions as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. This is known as the modified accrual system of accounting. Under this reporting system, capital items, debt payments and certain other items are treated differently than on the government-wide statements. These items are recorded in the governmental fund statements on the Statement of Revenues, Expenditures and Changes in fund Balance as an expenditure. No depreciation is recorded on capital items. The balance sheet for governmental funds does not include any capital items or long-term debt. Governmental funds of the Village include the General Fund, Special Revenue Funds, Debt Retirement Fund and Capital Project Funds.

VILLAGE OF MARION

MANAGEMENT'S DISCUSSION AND ANALYSIS

FOR YEAR ENDED FEBRUARY 28, 2006

Proprietary Funds Proprietary funds account for services for which the Village charges its customers for the services they are provided. These charges are to external customers. There are two types of proprietary funds:

- Enterprise funds are used to report business like activities of the Village. These activities intend to recover the full cost of the services through the fee charges to the customers. The Village has two enterprise funds, which are the Water Fund and Sewer Fund.

Fiduciary Funds Fiduciary funds are used to account for resources held for the benefit of parties outside government. The Village of Marion has no fiduciary funds.

Notes to the Financial Statements

The Notes to the Basic Financial Statements provide additional information that is essential to a complete understanding of the information provided in both the government-wide and the fund financial statements. The notes can be found beginning on page 13 of this report.

Other Information

In addition to the basic financial statements and accompanying notes, this report further presents Required Supplementary Information (RSI) that explains and supports the information presented in the financial statements. This information can be found beginning on page 36 of this report.

Government-Wide Financial Analysis

The Statement of Net Assets is the first statement in the Government-Wide Financial Statements section of this document. This statement is useful for providing an indicator of the Village's financial position over time. The Net Assets of the Village are \$2,409,371 at February 28, 2006 meaning that the Village's assets were greater than its liabilities by this amount.

MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR YEAR ENDED FEBRUARY 28, 2006

Village of Marion
Net Assets
(amounts expressed in thousands)

| | Governmental Activities | | Business-Type Activities | | Total Primary Government | |
|---|----------------------------|--------------|-----------------------------|--------------|-----------------------------|--------------|
| | 2006 | 2005 | 2006 | 2005 | 2006 | 2005 |
| Current and other assets | 389 | 451 | 155 | 170 | 544 | 621 |
| Capital Assets | 793 | 811 | 2,789 | 2,878 | 3,582 | 3,689 |
| Total Assets | 1,182 | 1,262 | 2,944 | 3,048 | 4,126 | 4,310 |
| Long-term liabilities | 1,648 | 1,693 | - | - | 1,648 | 1,693 |
| Other liabilities | 67 | 73 | 1 | 1 | 68 | 74 |
| Total Liabilities | 1,715 | 1,766 | 1 | 1 | 1,716 | 1,767 |
| Net Assets | | | | | | |
| Invested in capital assets net of related debt | 793 | 811 | 2,789 | 2,878 | 3,582 | 3,689 |
| Restricted for Debt Services | 66 | 64 | - | - | 66 | 64 |
| Unrestricted | (1,393) | (1,380) | 154 | 169 | (1,239) | (1,211) |
| Total Net Assets | (534) | (505) | 2,943 | 3,047 | 2,409 | 2,542 |

The most significant portion of the Village's Net Assets is the investment in capital assets (e.g. land, buildings, equipment, infrastructure, and others), less any related debt that is outstanding that the Village used to acquire or construct the asset. The Village has \$(1,238,354) in unrestricted Net Assets. The negative unrestricted Net Assets is the result of \$1,648,383 of bonds payable that will be maturing over the next 28 years.

The total net assets of the Village decreased \$132,975 in this fiscal year. The following table illustrates and summarizes the results of the changes in the Net Assets for the Village. The condensed information was derived from the government-wide Statement of Activities.

VILLAGE OF MARION
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR YEAR ENDED FEBRUARY 28, 2006

Governmental Activities

The following chart details the revenue sources for the governmental activities of the Village for the fiscal year ended February 28, 2006.

Revenues-Governmental Activities
Fiscal Year Ended February 28, 2006

The most significant portion of the revenue for all governmental activities of the Village of Marion comes from Property Taxes (43%). The Village's operating millage for 2006 was 12.4154 mills.

State shared revenue is collected by the State of Michigan and distributed to local governments by formula allocation of portions of the State sales tax and motor fuel and weight taxes. In 2006 the amount of the state

VILLAGE OF MARION
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR YEAR ENDED FEBRUARY 28, 2006

shared revenue received by the Village decreased representing declining sales tax collections and discretionary reductions by the State in revenue sharing payment's.

The Village's governmental activities expenses are dominated by the Public Works expenses that total 44% of the total expenses. The Village spent \$293,101 in fiscal year 2006 on Public Works. General Government represented the next largest expense at \$101,090 or 19% of total expenses within the governmental activities.

Business-Type Activities

These activities accounted for a decrease of \$104,075 in the Village's Net Assets.

The Business-Type activities of the Village include the Water Fund and Server Fund which provide water and sewer utility services to Village residents as well as commercial customers.

Financial Analysis of the Government's Funds

Governmental Activities At the completion of the Village's fiscal year ended February 28, 2006 its governmental funds reported fund balances of \$307,187. Of this amount, \$241,322 , or 78.6% is unreserved. Of this amount \$95,214 of unreserved and undesignated fund balance exists in the Village's Major and Local Street funds. \$65,865 of the remaining fund balance of the governmental funds is reserved for specific purposes and is therefore not available for new appropriation.

General Fund - The General Fund is the main operating fund of the Village. The General Fund decreased its fund balance in this fiscal year by \$99,602, bringing the balance to \$137,693. The General Fund's only major functions that ended the year with expenditures above appropriated amounts were Buildings and Grounds and Community Promotions. Property tax revenues in the General Fund increased \$1,989 in 2006, an increase of 1.5%.

Major Street Fund – The fund balance of the Major Street ended the year at \$55,723. This was an increase of \$4,738 from the previous year.

Local Street Fund – The fund balance of this fund is at \$39,491, an increase of \$34,646, during this fiscal year. The General Fund transferred \$30,000 and the Major Street Fund \$16,196 to the Local Street Fund to assist with future local street construction projects.

Water Supply System – the Water Supply System ended this fiscal year with \$74,894 in unrestricted net assets. The total operating revenues of the fund decreased from \$121,617 in FY2005 to \$117,328 in 2006. The net assets of the fund decreased by \$51,592 mainly due to annual depreciation of \$54,847.

VILLAGE OF MARION
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR YEAR ENDED FEBRUARY 28, 2006

Sewage Disposal System – The Sewage Disposal System ended this fiscal year with \$79,351 in unrestricted net assets. The total operating revenues decreased from \$46,732 in FY2005 to \$43,540 in 2006. The net assets of the fund decreased \$37,604. This is primarily attributable to depreciation of \$45,142.

Capital Asset and Debt Administration

Capital Assets. The Village's investment in capital assets for the governmental and business-type activities as of February 28, 2006 amounted to \$3,581,860 (net of accumulated depreciation). Capital assets of the Village include any items purchased that cost in excess of \$1,000 and have an expected useful life of over one year. The Village has invested in a broad range of capital assets, as detailed below:

VILLAGE OF MARION, MICHIGAN
Reconciliation Of The Statement Of Revenues, Expenditures And Changes In
Fund Balances Of Governmental Funds To The Statements Of Activities
Year Ended February 28, 2006

Net Change In Fund Balances Total Governmental Funds \$ (58,248)

Amounts Reported For Governmental Activities
Are Different Because:

Governmental Funds Report Capital Outlays As
Expenditures; In The Statement
Of Activities, These Cost Are Allocated
Over Their Estimated Useful Lives As
Depreciation

| | | |
|-----------------------|---------------|----------|
| Depreciation Expenses | \$ (51,252) | |
| Capital Outlay | <u>33,210</u> | (18,042) |

| | | |
|--|--|--------|
| Repayments Of Bond Principal Is An Expenditure In The Governmental Funds, But Not In The Statement Of Activities | | 45,000 |
|--|--|--------|

Accrued Interest On Bonds Is Recorded In The
Statement Of Activities When Incurred; It
Is Not Recorded In The Governmental Funds
Until It Is Paid

| | | |
|--------------------------------------|-----------------|-------|
| Accrued Interest - Beginning Of Year | 21,737 | |
| Accrued Interest - End Of Year | <u>(17,514)</u> | 4,223 |

| | | |
|--|--|---------|
| Receipt Of Principal On Long-Term Receivables Is Recorded As Revenue In The Governmental Funds, It Is Recorded As A Reduction In Receivables On The Statement Of Activities | | (1,811) |
|--|--|---------|

| | | |
|--|--|-------------|
| Accrued Interest Receivable On Long-Term Receivables Is Not Recorded In The Governmental Funds But Is In The Statement Of Activities | | <u>(22)</u> |
|--|--|-------------|

| | | |
|---|--|---------------------------|
| Change In Net Assets Of Governmental Activities | | <u><u>\$ (28,900)</u></u> |
|---|--|---------------------------|

VILLAGE OF MARION, MICHIGAN
Notes To Financial Statements
February 28, 2006

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Village of Marion, Michigan, was incorporated in 1889. The Village is a general law Village and has adopted Act 3 of 1895 of the State of Michigan as its charter. The Village operates under a council/president form of government and provides the following services as authorized by its charter: Public safety (police and fire), highways and streets, sanitation, health, culture-recreation, public improvements and general administrative services. In addition the Village operates water and sewer enterprise funds.

The accounting policies of the Local Governmental Unit conform to accounting principles generally accepted in the United States of America (GAAP) as applicable to governmental units. The following is a summary of the significant accounting policies used by the Local Governmental Unit:

A. Reporting Entity

The accompanying financial statements present the government and its component units, entities for which the government is consider to be financially accountable. Each discretely presented component unit is reported in a separate column in the government-wide financial statements to emphasize that it is legally separate from the government.

| <u>Discretely Presented Component Units</u> | <u>Brief Description of Activities and Relationships to Village</u> |
|---|--|
| Marion Community Fire Department | Provide fire protection to Village and surrounding participating townships. Village contributes to cost of operation. |
| Downtown Development Authority | Receive property tax revenues from the Village and Marion Township and use those monies to promote economic growth and increase property tax valuation within the business district. |
| Marion Public Library | Maintain Community Library for use by Village and participating township residents. The Village levies one mill for operation of the library. |

B. Government- wide and Fund Financial Statements

During fiscal year 2005, the Village adopted GASB Statement No. 34, *Basic Financial Statements and Management's Discussion and Analysis – for State and Local Governments*, as amended by GASB Statements No. 37 and No. 38 and applied those statements on a retroactive basis. GASB statement No.34 establishes standards for external financial reporting for state and local governments and requires that resources be classified for accounting and reporting purposes into the following three net asset categories.

VILLAGE OF MARION, MICHIGAN
Notes To Financial Statements - Continued
February 28, 2006

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES-Continued

Invested In Capital assets, net of related debt consists of capital assets, net of accumulated depreciation and reduced by outstanding balances for bonds, notes, and other debt that are attributed to the acquisition, construction, or improvement of those assets.

Restricted net assets result when constraints placed on net asset used are either externally imposed by creditors, grantors, and contributors, or imposed by law through constitutional provisions or enabling legislation.

Unrestricted net assets consist of net assets which do not meet the definition of the two preceding categories. Unrestricted net assets are often designated, to indicate that management does not consider them to be available for general operations. Unrestricted net assets often have constraints on resources which are imposed by management, but can be modified or removed.

The government-wide financial statements (i.e., the statement of net assets and the statement of changes in net assets) report information on all of the non-fiduciary activities of the primary government and its component units. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. Likewise, the primary government is reported separately from certain legally separate component units for which the primary government is financially responsible.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

The government-wide focus is more on the sustainability of the Village as an entity and the change in aggregate financial position resulting from the activities of the fiscal period. The fund financial statements are similar to the financial statements presented in the previous financial reporting model.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from government-wide financial statements. Major individual governmental funds and major enterprise funds are reported as separate columns in the fund financial statements.

C. Measurement Focus, Basis of Accounting and Basis of Presentation

1. Basic Financial Statements

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied.

-Continued-

VILLAGE OF MARION, MICHIGAN
Notes To Financial Statements - Continued
February 28, 2006

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES-Continued

Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt services expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, franchise taxes, licenses and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Sales taxes collected and held by the state at year end on behalf of the government are also recognized as revenue. All other revenue items are considered to be measurable and available only when cash is received by the government.

The accounts of the Village are organized on the basis of funds and account groups. A fund is an independent fiscal and accounting entity with a self-balancing set of accounts. Fund accounting segregates funds according to their intended purpose and is used to aid management in demonstrating compliance with finance-related legal and contractual provisions. The minimum numbers of funds are maintained consistent with legal and managerial requirements. Account groups are a reporting device to account for certain assets and liabilities of the governmental funds not recorded directly in those funds.

The Village of Marion reports the following major governmental funds:

The *General Fund* is the government's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The *Major Street Fund* is used to account for the financial activity of the streets designated by the State of Michigan as major thoroughfares and for the maintenance contract of the state trunklines.

The *Local Street Fund* receives all local street money paid to the city by the State, accounts for all construction, maintenance, traffic services, and snow and ice control on all streets classified as local.

The *Debt Service Fund* is used to account for the accumulation of resources for, and the payment of general obligation bond principal and interest and related costs.

The Village of Marion reports the following major proprietary funds:

The *Water Fund* records financial activity of the water system which provides water to customers.

The *Sewer Fund* records financial activity of the sewage disposal services to its customers.

VILLAGE OF MARION, MICHIGAN
Notes To Financial Statements - Continued
February 28, 2006

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES-Continued

Private-sector standards of accounting and financial reporting issued prior to December 1, 1989, generally are followed in both the government-wide and proprietary fund financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board. Governments also have the option of following subsequent private-sector guidance for their business-type activities and enterprise funds, subject to this same limitation. The government has elected not to follow subsequent private-sector guidance.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are payments-in-lieu of taxes and other charges between the government's water and sewer function and various other functions of the government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions involved.

Amounts reported as program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenue rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Water Fund and Sewer Fund are charges to customers for sales and services. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All Revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the Village's policy to use the restricted resources first, then unrestricted resources as they are needed.

2. New Accounting Standard Adopted

In fiscal year 2004 and 2005, the Village adopted GASB Statement No. 33, *Accounting and Financial reporting for Nonexchange Transactions*, which requires recipients of resources from nonexchange transactions to recognize revenues in the period when all eligibility requirements are met and the resources are available. The effect of this standard on the Village's financial statements is that capital contributions of \$1,856,690 were recognized as revenues in 2005. Prior to the adoption of GASB 33, such contributions were reported as contributed capital on the balance sheet.

B. Assets, Liabilities and Equity

1. Deposits and Investments

The Villages cash and cash equivalents are considered to be cash on hand, demand deposits certificates of deposits, and short-term investments with original maturities of three months or less from date of acquisition.

-Continued-

VILLAGE OF MARION, MICHIGAN
Notes To Financial Statements - Continued
February 28, 2006

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES-Continued

(I) The Village authorizes its treasurer to invest funds as follows:

- a. In bonds, securities, and other obligations of the United States or an agency or instrumentality of the United States.
- b. In certificates of deposit, savings accounts, deposit accounts, or depository receipts of a financial institution. Authorized depositories shall be designated by the Village council at the council's organizational meeting after each regular election of the board members.
- c. In commercial paper rated at the time of purchase within the 2 highest classifications established by not less than 2 standard rating services and that matures not more than 270 days after the date of purchase.
- d. In repurchase agreements consisting of instruments listed in subdivision (a).
- e. In bankers' acceptances of United States banks.
- f. In obligations of this state or any of its political subdivisions that at the time of purchase are rated as investment grade by not less than 1 standard rating service.
- g. Mutual funds registered under the investment company act of 1940, title I of chapter 686, 54 Stat. 789, 15 U.S.C. 80a-1 to 80a-3 and 80a-4 to 80a-64, with authority to purchase only investment vehicles that are legal for direct investment by the Village. This authorization is limited to securities whose intention is to maintain a net asset value of \$1 per share.

2. Receivables and Payables

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the non-current portion of interfund loans). All other outstanding balances between funds are reported as "due to/from other funds." Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

3. Property Taxes

Property taxes attach as an enforceable lien on property as of March 1. Village taxes are levied July 1, and are due by August 15. The Village bills and collects its own property taxes. Village property tax revenues are recognized when levied to the extent that they result in current receivables.

4. Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$1,000 (amount not rounded) and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated fair market value at date of donation.

-Continued-

VILLAGE OF MARION, MICHIGAN
Notes To Financial Statements - Continued
February 28, 2006

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES-Continued

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

Major outlays for capital assets and improvements are capitalized in proprietary funds as projects are constructed. Interest incurred during the construction phase of proprietary fund fixed assets is reflected in the capitalized value of the asset constructed, net of interest earned on the invested process over the same period.

Property, plant and equipment are depreciated in the proprietary funds of the government using the straight line method over the following estimated useful lives:

| <u>ASSETS</u> | <u>YEARS</u> |
|-----------------------|--------------|
| Land Improvements | 10-30 |
| Buildings | 20-50 |
| Roads | 15-20 |
| Water And Sewer Lines | 20-50 |
| Equipment | 7-15 |
| Computer Equipment | 5 |
| Vehicles | 6-20 |

5. Compensated Absences

The Village has a policy that does not permit employees to accumulate sick pay, bank overtime hours or accumulate unused vacation benefits. At February 28, 2006 there were therefore no deferred compensated absences to be reflected in the financial statements.

6. Long-Term Obligations

In the government-wide financial statements, and proprietary funds types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net assets.

7. Fund Equity

In the fund financial statements, governmental funds report reservations of fund balance for amount that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Designations of fund balance represent tentative management plans that are subject to change.

-Continued-

VILLAGE OF MARION, MICHIGAN
Notes To Financial Statements - Continued
February 28, 2006

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES-Continued

8. Use of Estimates

The presentation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 2 - STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

A. Budget and Budgetary Accounting

Budgets are adopted on a basis consistent with generally accepted accounting principles. Annual appropriated budgets are adopted for the general and special revenue funds. All annual appropriations lapse at fiscal year-end.

The Village follows these procedures in establishing the budgetary data reflected in the financial statements:

1. Prior to February 28, the budget committee submits, to the Village Council, a proposed operating budget for the fiscal year commencing the following March 1. The operating budget includes proposed expenditures and the means of financing them.
2. Public hearings are conducted to obtain taxpayer comments.
3. Prior to February 28, the budget is legally enacted through passage of resolution. The budget is adopted on an activity level.
4. All transfers of budget amounts between departments within any fund and any revisions that alter the total expenditures of any fund must be approved by the Village Council. General Fund expenditures may not legally exceed appropriations at the major function level. Expenditures in all other funds may not exceed appropriations at the total fund level.
5. Budgets for the General and Special Revenues Funds are adopted on a basis consistent with generally accepted accounting principles (GAAP). Budgeted amounts are as originally adopted, or as amended by the Village Council from time to time throughout the year. The Village amended its budget on one occasion during the current fiscal year.
6. Budget appropriations lapse at the end of the fiscal year for all funds.
7. Encumbrance accounting, under which purchase orders, contract, and other commitments for the expenditures of monies are recorded in order to reserve that portion of the applicable appropriation, is not employed by the Village of Marion because it is, at present, not considered necessary to assure effective budgetary control or to facilitate effective cash planning and control.

-Continued-

VILLAGE OF MARION, MICHIGAN
Notes To Financial Statements - Continued
February 28, 2006

NOTE 2 – STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY-Continued

B. Funds with expenditures in excess of appropriations were as follows:

| | <u>APPROPRIATIONS</u> | <u>EXPENDITURES</u> |
|---------------------------|-----------------------|---------------------|
| Local Street Fund | | |
| Public Works | \$ 25,500 | \$ 35,344 |
| 2002 Debt Retirement Fund | 87,928 | 87,988 |
| Water Supply System | | |
| Operating Expenses | 94,881 | 147,592 |
| Sewage Disposal System | | |
| Operating Expenses | 63,460 | 101,288 |
| Marion Community | | |
| Fire Department | | |
| Expenditures | 63,975 | 100,898 |

NOTE 3 – DEPOSITS AND INVESTMENTS

The Village's deposits are all on deposit with Citizen's Bank in Marion, Michigan and Fifth third Bank in Cadillac, Michigan.

Investment rate risk. The Village will minimize Interest Rate Risk, which is the risk that the market value of securities in the portfolio will fall due to changes in market interest rates, by; structuring the investment portfolio so that securities mature to meet cash requirements for ongoing operations, thereby avoiding the need to sell securities in the open market; and investing operating funds primarily in shorter-term securities, liquid asset funds, money market mutual funds, or similar investing pools and limiting the average maturity in accordance with the Village's cash requirement.

Foreign currency risk. The Village is not authorized to invest in investments, which have this type of risk.

Credit risk. The Village will minimize Custodial Credit Risk, which is the risk of loss due to the failure of the security issuer or backer, by; limiting investments to the types of securities listed in the Village's investment policy; and pre-qualifying the financial institutions, brokers/dealer, intermediaries and advisors with which the Village will do business in accordance with the Village's investment policy.

-Continued-

VILLAGE OF MARION, MICHIGAN
Notes To Financial Statements - Continued
February 28, 2006

NOTE 3 – DEPOSITS AND INVESTMENTS-Continued

Concentration of credit risk. The village will minimize Concentration of Credit Risk, which is the risk of loss attributed to the magnitude of the Village's investment in a single issuer, by diversifying the investment portfolio so that the impact of potential losses from any one type of security or issuer will be minimized.

Custodial credit risk – deposits. In the case of deposits, this is the risk that in the event of a bank failure, the government's deposits may not be returned to it. As of February 28, 2006, \$217,046 of the government's bank balance of \$417,046 was exposed to custodial credit risk because it was uninsured and uncollateralized. As of February 28, 2006, \$212,867 of the component unit's bank balance of \$380,352 was exposed to custodial credit risk because it was uninsured and uncollateralized.

Custodial credit risk – investments. For an investment, this is the risk that, in the event of the failure of the counterparty, the government will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The Village's investments are categorized to give an indication of the level of risk assumed by the Village at year end. Category 1 includes investments that are insured or registered, or securities held by the Village or the Village's agent in the Village's name. Category 2 includes investments that are uninsured and unregistered with securities held by the counterparty's trust department or its agent in the Village's name. Category 3 includes investments that are uninsured and unregistered, with the securities held by the counterparty, or by its trust department or its agent but not in the Village's name. At year end, the Village held no investments.

-Continued-

VILLAGE OF MARION, MICHIGAN
Notes To Financial Statements - Continued
February 28, 2006

NOTE 4 – RECEIVABLES

Receivables as of year-end for the government's individual major and nonmajor funds, and the internal service and fiduciary funds in the aggregate, including the applicable allowances for uncollectible accounts, are as follows:

| | General | Major Street | Local Street | Water and Sewer | Bond Payment Fund | Nonmajor and Other Funds | Total | Component Units |
|---------------------------------------|------------------|-----------------|-----------------|-----------------------|-------------------------|--------------------------------|-------------------|--------------------|
| Receivables | | | | | | | | |
| Accounts | \$ - | \$ - | \$ - | \$ - | \$ - | \$ - | \$ - | \$ - |
| Property Taxes | 17,587 | - | - | - | - | - | 17,587 | - |
| Other Governmental Units | 19,332 | 8,595 | 4,342 | - | - | - | 32,269 | 16,345 |
| Marion Public School Water Project | - | - | - | - | 76,976 | - | 76,976 | - |
| Less: Allowance For Uncollectables | - | - | - | - | - | - | - | - |
| Net Receivables | <u>\$ 36,919</u> | <u>\$ 8,595</u> | <u>\$ 4,342</u> | <u>\$ -</u> | <u>\$ 76,976</u> | <u>\$ -</u> | <u>\$ 126,832</u> | <u>\$ 16,345</u> |

Because of the timing of the collection cycle for water and sewer billings and the strict turn-off policies for non payment, the receivables for water and sewer service were immaterial at February 2006 and 2005.

NOTE 7 – LEASES

Capital Lease

On October 16, 2001 the Marion Community Fire Department acquired a 2001 International 4700 Cab and Chassis under the provisions of a long-term lease. For financial reporting purposes minimum lease payments relating to the asset have been capitalized. The property under capital lease has a cost of \$37,472.

The future minimum lease payments under capital lease and the net present value of the future minimum lease payments at February 28, 2006 are as follows:

| | | |
|--|----|-----------------|
| Total Minimum Lease Payments | \$ | 4,171 |
| Amount Representing Interest | | <u>101</u> |
| Present Value of Net Minimum Lease Payments | \$ | 4,070 |
| Current Portion | | <u>4,070</u> |
| Long-Term Capital Lease Obligation | \$ | <u><u>-</u></u> |

The annual minimum lease payments under the long-term capital lease existing at February 28, 2006 are:

| | | |
|-------------------|----|---------------------|
| February 28, 2007 | \$ | <u>4,171</u> |
| | \$ | <u><u>4,171</u></u> |

Commercial Lease

On July 10, 2003 the Marion Downtown Development Authority (DDA) entered into an agreement with Jenkins Oil Co. whereby the DDA would lease real estate to be used as a commercial parking lot. The original term of the lease is for 20 years and will automatically renew for 10 successive 1 year terms unless the DDA gives written notice not to renew after the original 20 year period. Rent for the initial 20 year term is \$19,500 based on a cost estimate for demolition of the building located on the real estate. Rent for renewal periods is \$1.00 per year. The DDA is responsible for all expenses for maintaining of the property including real estate taxes, insurance, utilities, snow plowing and waste disposal. The DDA has an exclusive right to purchase the leased real estate when the lessor desires to sell the property as set forth in the agreement.

NOTE 10 – EMPLOYEE RETIREMENT SYSTEMS

Plan Description and Provisions

The Village participates in the Michigan Municipal Employees Retirement System (MERS), an agent multiple-employer defined benefit pension plan that covers all employees of the Village. The system provides retirement, disability and death benefits to plan members and their beneficiaries. The Michigan Municipal Employees Retirement System issues a publicly available financial report that includes financial statements and required supplementary information for the system. That report may be obtained by writing to the System at:

MERS
Municipal Employees' Retirement System of Michigan
1134 Municipal Way
Lansing, MI 48917

-Continued-

VILLAGE OF MARION, MICHIGAN
Notes To Financial Statements - Continued
February 28, 2006

NOTE 10 – EMPLOYEE RETIREMENT SYSTEMS-continued

Funding Status and Progress

The obligation to contribute to the system for these employees was established by the Village Council under Act 427 of Public Acts of 1984 and administered by the State of Michigan. The covered payroll for the year ended February 28, 2006 was \$164,927. The amount contributed by the Village based on 73.75% of covered payroll. The plan required a contribution from the employees of 3% of the covered wages.

Annual Pension Cost

The annual required contribution was determined as part of an actuarial valuation at December 31, using the entry actual age cost method. Significant actuarial assumptions used in determining the actuarial accrued liability include (a) a rate of return on the investment of present and future assets of 8.0% per year compounded annually, (b) projected salary increase of 4.5% per year compounded annually, attributable to inflation (c) additional projected salary increases ranging from 0.0% to 8.40% per year, depending on age, attributable to seniority/merit, and (d) the assumption that benefits will increase 2.5% per year annually after retirement. The actuarial value of assets was determined using techniques that smooth the effects of short term volatility over a four year period. The unfunded actuarial liability is being amortized as a level percentage of payroll over a period of 30 years.

Three-Trend Information for MERS

| Fiscal Year Ending | Annual Pension Cost (APC) | Percentage of APC Contributed | Net Pension Obligation |
|--------------------------|---------------------------------|-------------------------------------|------------------------------|
| 2/29/2004 | 5533 | 100.00% | 0 |
| 2/28/2005 | 6548 | 100.00% | 0 |
| 2/28/2006 | 7949 | 100.00% | 0 |

NOTE 11 – RISK MANAGEMENT

The Village is exposed to various risks of loss related to property loss, torts, error and omissions and employee injuries (workers' compensation) as well as medical benefits provided to employees. The Village has purchased commercial insurance through the Michigan Municipal Liability and Property pool.

NOTE 12 – 2002 GENERAL OBLIGATION UNLIMITED TAX BOND
RETIREMENT FUND RECEIVABLE

The water project completed during 2005 contained the cost of the new system extended to the Marion Public Schools of \$78,733. The school is making payments for their portion of the project to the Village in semi-annual payments of \$1,873 including interest at 2.5%. At February 28, 2006, \$76,033 was receivable from the school.

Certified Public Accountants

August 30, 2006

To The President and Village Council
Village of Marion, Michigan

During the course of my audit of the books and accounts of the Village of Marion, Michigan, for the year ended February 28, 2006, I noted the following items which I feel should be incorporated into future management and record keeping requirements of the municipality:

1. Budgetary Control

The State of Michigan Budgeting Act #621 has not been followed. The Local Street Fund and 2002 Debt Retirement Fund had expenditures in excess of appropriations. The Sewage Disposal System and Marion Community Fire Department had expenditures in excess of appropriations. In the future, the budget should be amended prior to approving items for payment that would otherwise exceed the budgeted amounts.

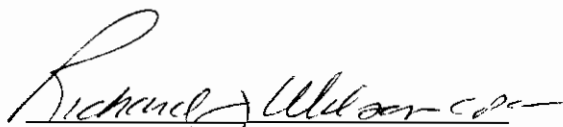

2. Deposits and Investments

At times during the year excess funds were being carried in checking accounts. Transfers should be made to interest bearing investments for monies not needed for current expenditures. Also, the Village had investments that were not covered by federal depository insurance. An effort should be made to reallocate investments to maintain insurance coverage.

3. Overall Financial Condition

During the year the General Fund Balance decreased by \$99,602 from \$237,295 at February 28, 2005 to \$137,693 at February 28, 2006. \$30,000 of the decrease was an operating transfer to the Local Street Fund to subsidize current and future street operations.

I wish to express my appreciation in allowing us to conduct the Village audit and for the cooperation and courtesy extended by the various Village employees during the course of our examination. If you have any questions relative to the preceding comments and recommendations or other areas of your annual audit, please do not hesitate to contact me.

Richard J. Wilson, CPA
